ABOUT SPOKANE INTERNATIONAL AIRPORT:

Spokane International Airport (airport code: GEG) is the second largest commercial service airport in the state of Washington, and an important gateway to the key markets and destinations across the Inland Northwest and British Columbia. The airport is served by eight major airlines and three cargo carriers, provides employment for over 3,000 people, and, in 2025, proudly welcomed a record total of 4,350,330 passengers and handled 60,153 tons of cargo. Spokane International Airport also generates approximately $3 billion of annual economic impact across the Inland Northwest region — and does so without the use of taxpayer or City or County appropriated funds. For additional information, please visit www.spokaneairports.net.
